On-The-Job Training (OJT) Programs

Learn how to receive up to 50% reimbursement of new employee wages!

Our WorkOne Staff are here to help employers like you!

Competition has always been tough, but in today's economy it's fierce. To learn how on-the-job training programs can help your business, contact a WorkOne Business Service Representative or Veteran's Employment Representative today!

As your company grows and develops, so will your demand for a larger well-trained workforce.

Expanding your workforce can be costly. Through the help of your local WorkOne you can reduce the cost of hiring and training new employees. WorkOne can reimburse up to 50% of new employee wages for on-the-job occupational skills training.

Your local WorkOne staff is available to assist with recruitment and creating training programs specific to your needs.
